

## Itchycoo Park

The 'Itchies' were originally formed in 1992, and have been entertaining audiences in the Wellington region and around the lower North Island area ever since. The original idea of the band was to cover the songs that the band members grew up with and loved – classic British rock from the 60's and 70's. Since then we have morphed slightly, introducing more recent tunes, Kiwi classics, and some Blues numbers. However, our philosophy remains the same; play the songs we love, play them well, and to like-minded audiences who love live music.

Itchycoo Park is a 6 piece band, consisting of:

- Bernard – drums
- Colleen – vocals & percussion
- Dave – vocals & guitar
- Greg – keyboards
- Nick – bass
- Phil – guitar & vocals

Despite a few personnel changes over the years, the band is still going strong. Highlights from 2012 and the year to date include performances at the:

- 2013 Masters Games in Wanganui (to an audience of over 2500);
- New Zealand Mustang Car Club Annual Convention in Wellington;
- Leisure Marching Association of New Zealand North Island Demonstration Day in Te Rauparaha Arena, Porirua;
- New Age of Aquarius Festival in Te Marua; and
- NZ Lions District 202M Annual Convention in Upper Hutt.

We can tailor our set to meet a client's specific needs, but we routinely play 3 or 4 hour shows, usually made up of 3 or 4 x 50 minute sets, with a short break in between. We have a wide range of songs to choose from, and are happy to tailor a set to factor in your favourite tunes, or timing requirements. We are also willing to learn new songs on special request from a client, but bearing in mind the type of band that we are.....i.e. we don't do Brittany Spears type pop songs!

We are happy to negotiate on price for a 3 or 4 hour show. We have a range of P.A. options that are suitable for small or medium sized venues, or with the addition of a sound engineer who we can provide, for larger venues. We have a range of stage lighting units, including stand mounted Par Cans. We are also happy to perform on a full stage, with professional sound and lighting provided – as attested by our recent performance at the Wanganui Masters Games.
